Capital Projects Advisory Review Board

RE: Nomination of Curt Gimmestad for the Project Review Committee's
Owner – Public Hospitals Position

Dear Chair Keith:

The Project Review Committee (PRC) unanimously recommends Curt Gimmestad to fill the PRC Owner – Public Hospitals position, which has been vacant since July 2017. Six different Hospital Districts have applied to the PRC for project approval or alternative public works certification since the position became vacant. No employee or other Hospital Districts representative has volunteered or been nominated since the position became vacant.

Mr. Gimmestad has a long-standing involvement with both CPARB and the PRC, has completed numerous Alternative Public Works projects, and has taught the AGC GC/CM class for many years. He has offered to conduct outreach to Hospital Districts, and defer to a suitable candidate when one becomes available.

We appreciate your consideration of this matter and encourage the Board to appoint Mr. Gimmestad to this position.

Sincerely,

A handwritten signature in blue ink that reads "Edward J. Peters".
