**Re: Design-Build & GC/CM Certification - Expiration Date Correction**

Dear Mr. Datz:

After reviewing the re-certification provisions of both Design-Build and GC/CM contracting procedures, the Capital Projects Advisory Review Board's Project Review Committee has determined that the correct **Design-Build** certification expiration date is **May 28, 2021**, *not* May 24, 2021 as stated in the approval letter dated May 24, 2018. Additionally, the correct **GC/CM** certification expiration date is **March 28, 2019**, *not* January 22, 2019 as stated in the approval letter dated January 29, 2016. The approved re-certification extends the previous expiration date for an additional three years.

Please submit your application for re-certification to the Project Review Committee no less than three months prior to the expiration date. You can contact Talia Baker at (360) 407-8260 if you have any questions regarding this process.

As a reminder, you will be required to submit project data to CPARB for any Design-Build or GC/CM projects undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff liaison, Nancy Deakins, at [Nancy.Deakins@des.wa.gov](mailto:Nancy.Deakins@des.wa.gov).

Sincerely,
