Content Curation Questions Answered

1. How do you create a LIL Learning Path? A: <https://www.linkedin.com/help/learning/answer/a599875>
2. How do you share a Learning Path with specific employees or groups?
A: <https://www.linkedin.com/help/learning/answer/a704807>
3. Who can see and access the Learning Path? A: It depends on the discoverability setting you choose – they can they be set up to only appear in searches for selected groups, or only for those with a direct link.
4. When a Learning Path recommended to someone, how are they notified and how do they access it? A: They are notified via email and can access via a link in the email, or by viewing their "My Learning" section in their profile.
5. Can I unassign someone from a Learning Path? A: You can delete the LP assignment altogether but cannot individually unassign people from the path.
6. Can a sub-admin who only has admin access to their division group create a LP? If so, who can see it and can that sub admin assign it to people in their group? A: Yes, and who can see it depends on the discoverability setting you choose – they can they be set up to only appear in searches for selected groups, or only for those with a direct link.
7. Is there a report to see who's completed the Learning Path? A: Yes, under the Insights tab, click on Recommendations
8. What's the difference between Learning Paths and Collections? A: LPs are meant to be watched in sequence, while collections are a grouping of courses not intended to be watched in a particular order.
9. Can I delete Learning Path after someone has accessed it? A: Yes
10. Can I edit Learning Paths after someone has access it (add or remove content, change who can see it, change the title or description, etc.) A: Yes
11. How is the best way to view Learning Paths already created and available in LinkedIn Learning? A: Use the learning path option under the "Type" filter to see a list of learning paths related to your keyword search.
