Action items from last meeting:

1. Members review the Mission Statement and bring any final edits to the next meeting for the Committee to vote on.

To connect a community of practice to the design and construction industry with education opportunities, including alternative public works contracting, to enhance industry knowledge, quality and efficiency towards successful outcomes.

2. Each agency representative is asked to review available curriculum and bring a list of the trainings that are applicable to this committee's mission to the next meeting. Only what is already available so we can point to what is currently out there with an emphasis on what may need more work or development, etc. (MRSC, PTAC, OMWBE, DBIA, AGC)
