RE: Kamiakin & Evergreen Middle School Campus Facilities, PRC Project Application -
Question & Response

Question: Please explain how this project qualifies to use Progressive Design-Build with a budget under \$2M. RCW 39.10.300(1) specifically states “...public bodies may utilize the design-build procedure, including progressive design-build, for public works projects in which the total project cost is over \$2,000,000...”.

If there is anticipated additional funding, please indicate when, where, and for what that funding will be used for.

Response: In addition to the \$1.8M 50% schematic design budget, Lake Washington School District has secured \$59.2M from the 2022 Capital Construction Levy for design and construction of a new facility located on the Kamiakin Middle School Campus.

Sincerely,

Laura DeGooyer
Capital Program Manager
