FACILITY PROFESSIONAL SERVICES  
OLYMPIA, WA**

**NOTICE TO CONSULTANTS  
REQUEST FOR QUALIFICATIONS**

Submittal Due Date: **August 26, 2024 prior to 2:00 pm PT**

**Consultant Services Required for Projects: 2024-343 MIS-WWTP Evaluation and LOSS Design and On-Call Campus Engineer** for the Washington State Department of Corrections on McNeil Island.

**Scope of Work**

This Request for Qualifications is for the purpose of selecting an environmental or engineering firm.

**2024-343 MIS-WWTP Evaluation and LOSS Design:** Explore and evaluate different options for treating wastewater, including Large On-Site Septic Systems (LOSS) and treating effluent to acceptable levels for land application. All avenues explored would look to remove the current Wastewater Treatment Plan (WWTP) outfall system. Removal of this outfall could potentially open several acres of the currently prohibited shellfish growing areas. This would allow for the harvesting of shellfish and create a positive impact for the aquatic life around the island, those currently housed on the Island, and our tribal partners.

**On-Call Campus Engineer:** This selection will be used as the On-Call Campus Engineer for unanticipated waste water treatment, septic, sewage, and storm water projects on McNeil Island for the 23-25 Biennium.

**Description of Facility**

The Special Commitment Center (SCC) is located on McNeil Island for the care and treatment of approximately 120 sexually violent predators. The Department of Corrections, through Correctional Industries, provides maintenance and operations support for the island including marine services, water treatment, wastewater treatment, and fuel receipt and delivery.

The WWTP is located on the southern end of McNeil Island and discharges the treated effluent into the Puget Sound.

**Project Goals**

- *Explore alternative methods to potentially eliminate the wastewater treatment plant's outfall system and estimate the construction costs for those alternatives.*
- *Improve sustainability within the Puget Sound creating a healthier environment for all aquatic life and those that depend on it for carrying out their way of life.*
- *Support environmentally responsible and sustainable development of shellfish aquaculture.*
- *Support the Washington Department of Corrections (WADOC) long-term commitment to environmental stewardship.*
- *Continue providing wastewater treatment for the SCC and the other tenants on McNeil Island.*

Submitting firms should have a strong background in surveying, stormwater, wastewater treatment and design of Large On-Site Septic Systems (LOSS). Firms should also be well versed in multi-phased State agency construction, planning, and life-cycle cost analysis.

## Selection Process

The selection process will consist of two phases: Phase 1 SOQ Evaluation and Phase 2 Oral Interviews. The firms submitting qualifications in Phase 1 will be scored and ranked using the Phase 1 evaluation criteria in this RFQ. The most qualified firms (Finalists) will be invited to Phase 2 Oral Interviews. The Finalists will be scored and ranked based on the Phase 2 evaluation criteria. The Finalist with the best Phase 2 rank will be chosen to begin negotiations to provide consultant services for this project. Note, Phase 1 and Phase 2 scores are NOT combined.

## Phase 1: SOQ Evaluation (total 100 points)

Each SOQ received and deemed responsive to this notice will be reviewed and evaluated by a selection panel as determined by DES. This panel will review each SOQ for responsiveness and apply the following weighted selected criterion to determine a score for ranking:

Weighted evaluation criterion for the Phase 1

SOQ Evaluation will be used by the selection committee to score each top-rated firm as follows:

Describe how each individual's professional experiences are relevant and bring value to the project. Provide proposed percentage of time that the Owner intends to assign each individual or sub-firm to the Project.	30 Points

**Phase 2: Oral Interviews (total 100 points)**

Top-qualified firms (highest ranked firms) will be invited to participate in Phase 2 of the selection. Oral Interviews on a specified date and time, and will be formatted in three periods:

**Additional Considerations for Selection**

**Diverse Business Inclusion Plan Requirements**

Each top-ranked firm, including diverse businesses, will be required to submit DES’ Public Works Diverse Business Inclusion Plan form.

A complete Diverse Business Inclusion Plan will be submitted to the DES Project Manager no later than one (1) full business day prior to the scheduled interview date and time.

The Diverse Business Inclusion Plan must demonstrate in detail the specific strategies, approaches, and steps your firm will use in seeking to help meet or exceed the state’s aspirational diverse business participation goals. Achievement of the goals is encouraged.

**Aspirational Goals**

The Governor’s Office’s aspirational goals for diverse business inclusion are:

10% Minority Owned Business certified by the Washington State Office of Minority and Women Business Enterprises

6%, Women Owned Business certified by the Washington State Office of Minority and Women Business Enterprises

### **Evaluation and Scoring Considerations**

In evaluating each of the criteria, the Selection Committee will identify significant and minor strengths and weaknesses from the submissions. The Selection Committee will then use the following guidelines to evaluate the submissions for each Selection Criterion, based on the weighting assigned in the RFQ and any addenda. After initial scoring, the selection team will come to a consensus ranking of the Firms.

#### **1. Definition of “strength” and “weakness”:**

- a. The term “strength” ultimately represents a benefit to the Project and is expected to increase the Firm’s ability to meet or exceed the Project Goals. A minor strength has a slight positive influence and a significant strength has a considerable positive influence on the Firm’s ability to exceed the Project Goals.
- b. The term “weakness” detracts from the Firm’s ability to meet the Project Goals and may result in inefficient or ineffective performance. A minor weakness has a slight negative influence and a significant weakness has a considerable negative influence on the Firm’s ability to exceed the Project Goals.

#### **2. Scoring:**

- a. **Excellent** (81-100 percent of points available): The Evaluative Criteria demonstrates an approach that is considered to exceed the Project Goals and the RFQ requirements and provide a consistently outstanding level of quality. ***To be considered Excellent, it must be determined to have significant strengths and/or a number of minor strengths and few or no appreciable weaknesses.***
- b. **Good** (61-80 percent of available points): The Evaluative Criteria demonstrates an approach that is considered to meet the RFQ in a beneficial way (providing advantages, benefits, or added value to the Project) and offers quality. ***To be considered Good, it must be determined to have strengths and few, if any, significant weaknesses. Minor weaknesses are offset by strengths.***
- c. **Fair** (41-60 percent of available points): The Evaluative Criteria demonstrates an approach that contains minor and/or significant weaknesses and limited appreciable strengths.
- d. **Deficient** (0-40 percent of available points): The Evaluative Criteria demonstrates an approach that contains significant weaknesses and no appreciable strengths.

- e. **Non-Responsive:** Does not meet the Minimum Qualifications required for evaluation. In addition, the Owner, at its sole discretion, may reject any Evaluative Criteria deemed non-responsive to any of the requirements.

### **Other Information**

The successful most-highly qualified firm will be expected to enter upon DES' standard Engineering and Architectural Services Agreement. Level of effort and relative fees will be negotiated following selection of the most-highly qualified firm.

The state reserves the right to continue with the consultant selected or has the option to conduct a new consultant selection process for future services for this project beyond those services advertised above.
